Exclusions

As this IT support contract is written in a spirit of partnership, the supplier will always make the best-possible efforts to provide support and rectify problems as requested.

However, this agreement only applies to the parts of the IT system listed above.

Additionally:

- This contract *does not* cover **Ransomware type virus infections (Cryptolocker) causing all data to be encrypted**, or IT system problems caused by using equipment, software or service(s) in a way that is **not recommended or hardware failure. Additional cost will be incurred to replace hardware. Labor will be provided at 50% off current rate.**
- If the client has made **unauthorized changes** to the configuration or set up of equipment, software or services, this agreement may not apply.
- If the client has prevented the supplier from **performing required maintenance and updates**, there may be a delay in resolving issues.

This contract does not apply to circumstances that could be reasonably said to be beyond the supplier's control. For instance: floods, war, acts of god and so on.

This contract also does not apply if the client fails to pay agreed supplier invoices on time.

Having said all that, Budget Computer Repair aims to be helpful and accommodating at all times, and will do its absolute best to assist the client wherever possible.
